NUMBER 32

## Sugar Preserve Rationing To Be Simplified In New Year

NEW PLAN WILL MEAN SLIGHT INCREASE IN CONSUMER RATIONS

The existing sugar and preserve rationing plan will be simplified for the Canadian housewife at the beginning of the New Year, the Prices Board has announced.

The simplification will be brought about by combining sugar and preserves rationing under a single plan starting Jan. 1. Housewives will be able to purchase preserves or sugar with one kind of coupon and the new plan will mean a slight increase in the consumer rations.

This coupon may be used for the purchase of any one of the following items:

One pound of sugar; 24 ounces of jam, jelly, marmalade, fountain fruits or cranberry sauce; four lbs. of honey; 30 ounces of corn or table syrup; 80 ounces of molasses; 40 ounces of canned fruit, two pounds of maple syrup; four pounds of maple sugar.

On Jan. 1 all valid and unused pink coupons marked "Sugar" will take the new ration values. On Jan. 17, sugar coupons numbered 68 and 69 will be declared valid, and in February, the last of these coupons No. 70 will also be validated. After this the "S" coupons are to be used for the sugar preserves consolidated plan.

By the end of this year all of the "P" coupons will have become valid, the last four—22, 23, 24, 25—being validated on Dec. 20. All unused preserves and "P" coupons will continue to hold their 1945 value for preserves or the half-pound of sugar and all these coupons will expire Jan. 1, 1946.

The allotment of sugar for home

### FAMOUS SAYINGS BY RISSEAU

"Man is born free, and everywhere he is in iron."

"The strongest is never strong enough to be always the master, unless he transforms strength into right, and obedience into duty."

"The right of conquest has no foundation other than the right of the strongest."

"Never exceed your rights, and they will soon become unlimited."

"What wisdom can you find that is greater than kindness?"

"The happiest is he who suffers least; the most miserable is he who enjoys least. Ever more sorrow than joy—that is the lot of all of us."

## CBC Chairman

The CBC's first full-time chairman, A. DAVIDSON DUNTON, brings wide executive experience to his new post. Educated in Canada, England and Europe, the Montreal-born news paperman was editor of the Montreal Standard for four years and general manager of the Wartime Information Board for three years before his CBC appointment.

I can't do a great deal for my nation unless I give a square deal to my neighbors.

Work on the new Bank of Montreal Building, located between the Mercantile Store and Hall's Barber Shop, started this week and is progressing steadily. The Bird Construction Co. have the contract for the building.

Messrs Scott Salmon, R.T. Graham and Karl Wilde, local implement dealers, were in Calgary last week to a Dealer's Convention, where problems of the coming year were discussed. The trip was made by plane both ways from Lethbridge. 500 dealers from all Alberta were at the Convention.

"Provided a man is not mad, he can be cured of every folly but vanity."

"People who know little are usually great talkers, while men who know much say little."

"Where is the man who owes nothing to the land in which he lives? Whatever that land may be, he owes to it the most precious thing possessed by man, the morality of his actions and the love of virtue."

## Annual Carnival Big Success

### Ross Larson Wins Lovely Chesterfield Suite

Raymond's Annual Carnival was its usual outstanding success, with the large Opera House crowded to the doors Friday evening, and all the games and the dance floor crowded with fun seekers until the wee small hours of the morning.

From early the first evening, when youngsters rather dominated attendance until the finish Friday evening, the wheels were turning, the other games in progress, and attendants shouting themselves hoarse for customers at the various games.

The big moment of the Carnival came, of course, when a recess was called shortly after 1 a.m. the second night to make the draw for the beautiful Chesterfield offered as the Grand Prize. After the tickets had been well stirred up, the draw was made and Ross Larson announced as the lucky winner.

The Carnival management are to be commended for the success of the venture. In a season when items for prizes are hard to obtain, the boys did a fine job of obtaining dolls, ladies hose, towels, and so on, the bingo table and all the booths were well supplied with prizes that made selections by the winners easy, and made everyone want to win.

Refreshments were on sale both evenings, there a number of lovely door prizes, & several especially fine articles, including a large box of home-made chocolates, were raffled off during the entertainment. All in all it was a successful carnival, and the proceeds will go to seeing the accomplishment of many of our community needs, for which all citizens should be grateful to the Athletic Association and the Lions Club for their efforts.

## Large Attendance At Lions Meeting

37 members and one guest joined in singing "O Canada" at the opening of the regular meeting of the Lions Club which was held in the Sugar Bowl Monday Dec 3rd.

Pres. Karl Wilde was in the chair. The Lion tamer handled the Baton while the members sang "Don't you hear those Lions Roar". Sec. Bradley read a letter from the Lions British Child War Veterans Fund asking for the same support they had received in the past.

Lion J. McCann asked Sec. Bradley to entertain the assembly with 2 humorous readings. These surpris-

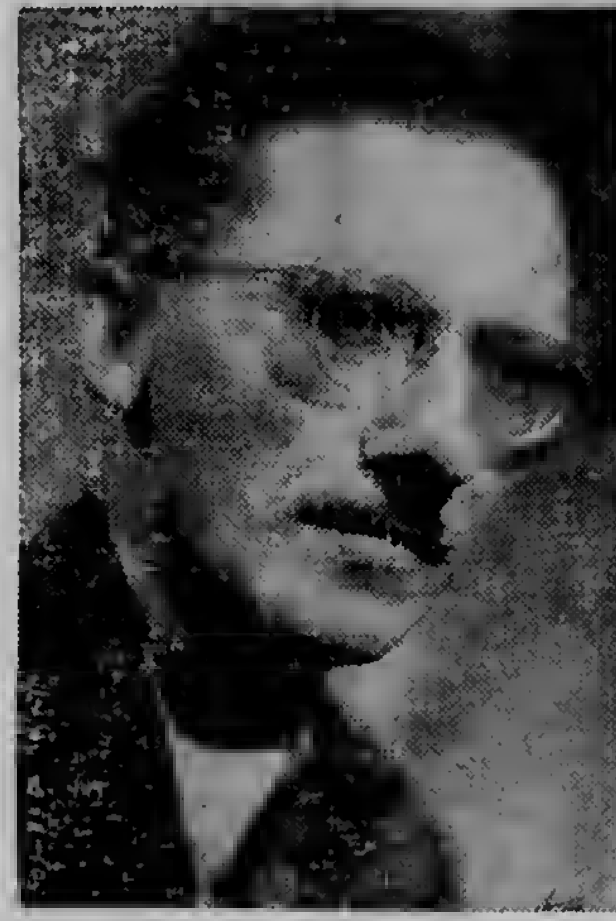

ed the members very much. We'll call on you again Brad.

Ren Mitchell gave some of his experiences in the War commencing at Prince Rupert and going overseas into England France Belgium and Germany. This was one of the best talks the club has had on the War. December 13 was announced as Ladies Night in Warner and all Raymond members and their partners were invited.

An executive meeting was called immediately after the close of the regular meeting.

## Arrival Of Training Plane Will Launch Raymond Flying Club

### Farm Chairman

ORLO MILLER is the chairman of the National Farm Forum broadcast for the 1945-46 season, and as such presides over the weekly programs that go out over the CBC Trans-Canada network from cities across Canada on Mondays at 9.30 p.m. Born in London, Ontario, Mr. Miller has been farmer, journalist, historian and radio raconteur, and has been active in scientific search for better land conservation methods.

### DR. CROSS ENDORSES

### SEAL SALE

Dr. W. W. Cross, Minister of Health today urged support of the Christmas Seal Sale being conducted by the Alberta Tuberculosis Association.

He said, "Christmas Seals do so much for prevention and early discovery of tuberculosis, and so much for the comfort, training and rehabilitation of patients, that it is difficult to say which of their many accomplishments is the most valuable."

Dr. Cross referred to a statement recently made by Dr. J. H. Holbrook, Superintendent of the Mountain Sanatorium at Hamilton, that tuberculosis can be wiped out in a generation. Of this outcome he said, it is quite possible but will require tremendous and unrelenting work. The Alberta Tuberculosis Association.

The Raymond Flying Club expects delivery soon of an RCAF two engine Moth plane for use in the local organization. With Lee Brewerton, veteran of World War One as chairman and a board of directors, consisting of experienced men. The local fliers have become incorporated in the Flying Club of Canada.

Active executives include: Mark Honinger and Bob Zabelle as vice presidents; Mahlin Smith, who has served as flying instructor in the U.S. will be one of the local trainers. Bob Zabelle, with a fine record as an RCAF flier over enemy targets, will be an instructor. "We will observe strict Canadian regulations," said Bob, "to that no accidents will occur."

All applicants, physically fit, will be given training, and it is expected that former alumni of experience will subsequently obtain commercial licenses and will operate planes for passenger service to district points, and especially to and from Waterton Park.

A landing field of some 40 odd acres will be required and the club expects to make a purchase in the spring of 1946, when a suitable site is chosen.

Flying will be conducted under the control of the Department of Transport of Canada. There are 20 full-up members in the club and membership is available to all 17 years old and over.

Potential pilots will require from four to seven hours in the air to qualify under elementary requirements, but to fly solo, will take from 20 to 25 hours, it is claimed.

Lincoln Wood is secretary with A. M. Bradley as treasurer.

Chris Jensen, Manager, who has been a Director on the Alberta Wheat Pool Board almost since its organization is resigning. He has been a real booster for the Pool and other Farmers organizations and his presence on the Board will be greatly missed by the remainder of the Board as well as Wheat Pool members.

Gifts through Christmas Seals, are working toward that goal and giving us invaluable assistance.

## NEWS NOTES

Mr and Mrs Lee Brewerton went to Calgary Thursday on business and returned home Friday.

Shirley May entertained a number of her friends at a birthday party Monday afternoon last.

The snow has melted now and fields are clear again and cattle and sheep are able to feed on the best tops and stubble in the fields.

Mr and Mrs S. I May, Mr and Mrs Harold McBride, Mrs T. J. O'Brien and Shirley May were at the Temple Tuesday, where Shirley was baptized.

Get Vaughn Taylor has received his discharge after more than five years in the service and is helping his parents in the operation of the farm north of town.

Don Vincent, recently of the U.S. Civil Service, is in Raymond at present with his family. With other members of the Bennett family they spent Sunday in Cardston at the home of Mr and Mrs D. C. Peterson.

Three of our departing long term missionaries received their missionary calls Saturday night in the mail. Elder Reid Fawns will go to the Samson Mission, Elder Willard Paxman to the Canadian Mission, and Elder Grant Paxman to the North-Western States Mission. They all expect to leave early in the New Year.

Mrs Milton Strong of Lethbridge sent a day or two this week with relatives and friends in Raymond.

J. O. Hicken of Raymond, and Mrs H. B. Mendenhall of Richfield, Utah, have been spending a few days with their sister, Mrs Norma MacKenzie. —Medicine Hat News.

The mild weather is permitting work to proceed on the R. T. Graham block. The corner is being cut off, a chiller back wall put up around the windows and the entire roof will be repaired and recovered.

Canning will be the same as in 1945 ten pounds per person, and will be provided by declaring valid 10 "Q" coupons during the months when next home canning is done. These coupons may be used, as in 1945 for the purchase of either sugar or preserves on the same basis as other regular coupons. —Leth. Herald.

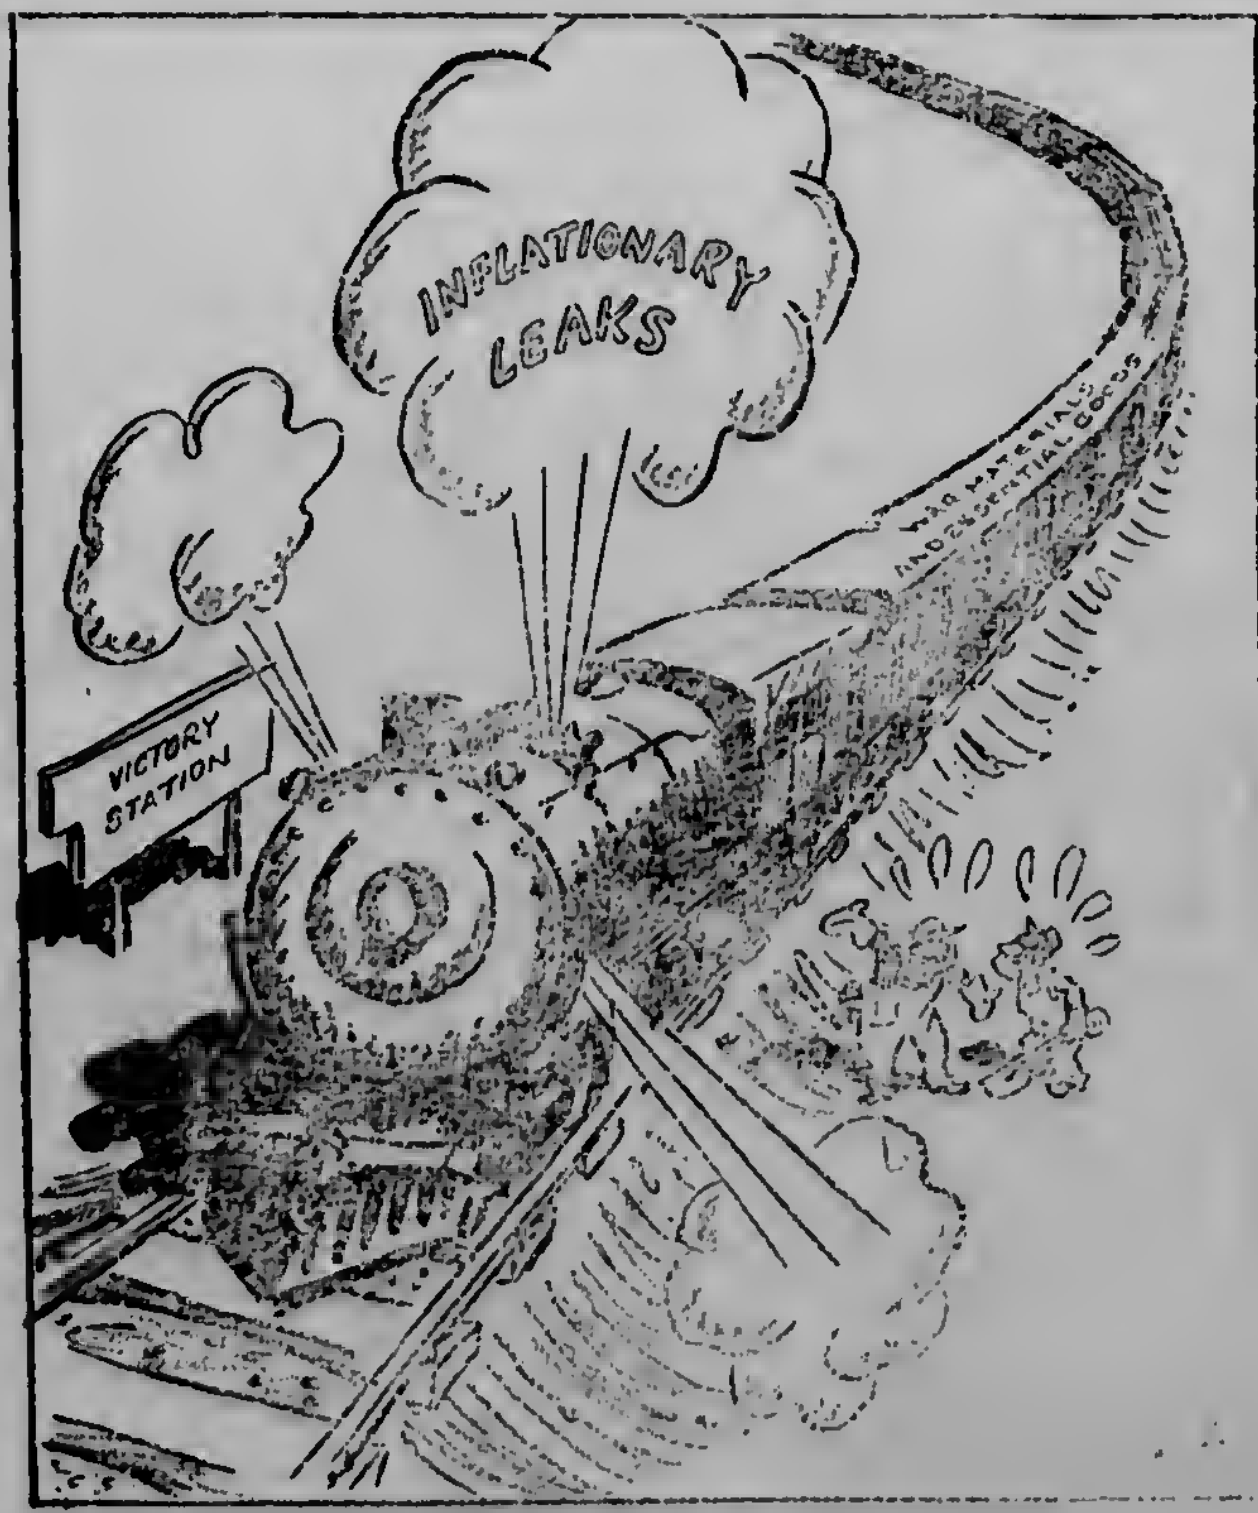

Kelly Nemeth, son of Mr and Mrs Alex Nemeth arrived home Wednesday after serving six years in the Navy, and at the time of his discharge was in charge of electrical equipment on his ship. He has served in different branches of the naval service and has travelled about 150,000 miles in submarines. He says he is really glad to get back and Alex says this is the best Xmas present he could get. Kelly has a wife in Scotland who is awaiting transportation to Raymond.

## Welfare For British Miners

The Miners' Welfare Commission in Britain is a body representing both owners and mine workers. It administers the Welfare Fund instituted in 1920 by an act of Parliament and deriving its income from a levy on coal and on mining royalties.

The chief part of its work is the erection of pithead baths. It has also spent over 6 million pounds since its inception on recreational facilities for miners. This community centre at Baggeridge is an example of its work.

### THE TOWN IS GROWING

There is quite a lot of building going on now in town and the immediate district. There is a great deal more planned for the immediate future as seen as building water mains and supplies in various features of the building trade loosen up. Right now lumber's supplies, building hardware, brick, and many other items are practically unobtainable.

Are we growing as fast as the

building program of the Town. For years, as a community we have made little progress. It has been our contention for a long time that we were not co-operating as citizens for our town in inviting and inducing business and home-builders to come to Raymond to settle. It is a question bigger than our Council, it concerns every one of us.

The Council is taking the first steps now in getting Water, Sewerage and Sidewalk programs under way so that our utilities will compare favorably with other towns of our size. But, are these plans extensive enough to be able to say to prospective home builders, these utilities are at your service if you settle in Raymond. We should not be too conservative in laying out these programs. Every effort should be made by the Council to get more volume real estate into the producing column. Citizens of the Town should redouble their efforts to make their homes and surroundings inviting, livable and homey. Prospective

home builders don't want to build beside a lot overrun with weeds or by a lot where three or four years' ashes are piled in the street and never moved.

We all grumble about our Town. It seems to be human nature. But with our irrigation system, and the possibility of increasing it, with the crops that can be grown here and the population that could be supported, we really have something to offer people. Now, if some other industries could be induced to come here to utilize some of the crops (what we can produce here, like a canning factory, a pickle factory, or something else, it would all be to increase and stabilize our population and enrich our district.

We have many boys at home and more coming and outside of taking up land, or becoming a day laborer we have very little to offer. Is there anything that could be done? We produce a great deal of livestock. Is there any possibility of a tannery, a shoe factory, a clothing factory, or any of these things being located

here? How much effort are we willing to put into it?

We should advertise our Town and its possibilities. Our board of trade committee on New Industries should be working with an ear to the ground, and every citizen, if they have any ideas or any hints should pass them on and have them explored. If we don't do this, we will be passed by when post-war expansion makes its move, and we will only have ourselves to blame.

# Public Notice

TAKE NOTICE that the Council of the Town of Raymond intends to undertake a local improvement, namely, a sewerage system and a system of sewage disposal in connection therewith.

The location, type and estimated cost of such local improvement is set out in the attached schedule.

For the purpose aforesaid the sum of \$100,000 shall be borrowed upon the credit of the Town of Raymond, and for the purpose of borrowing the said sum debentures of the Town of Raymond to the amount of \$100,000 shall be issued which shall bear interest at the rate of 4 per cent annum and shall be repayable in thirty equal aggregate annual installments of principal and interest.

The sum to be raised annually for the payment of principal and interest installments, namely \$5,783 and the estimated annual maintenance cost of \$2,000, totalling \$7,783 per annum shall be levied and raised as follows:

- The sum of approximately \$3,149.00 per annum by a special frontage tax of 10c. per lineal foot per annum against approximately 31,490 lineal feet of frontage abutting on that portion of any street or place wherein or whereon any public sewer is laid.
- The sum of approximately \$1,800.00 per annum by sewer rental charges.
- The sum required to make up the deficit in the annual installment, namely, \$2,834.00 by a rate sufficient thereon on all rateable property in the Town of Raymond.

with connections to Main Sewer	1,559.00
17. Sewer Disposal Works	20,000.00
18. Land and Right-of-Way for Disposal Works and Outfall Sewer	600.00

TOTAL ESTIMATED COST OF WORKS \$101,255.00

NOTE: The foregoing figures include an allowance of 10 per cent to cover contingencies, supervision and overhead.

AND TAKE NOTICE that unless the majority of the owners of the lands that may be assessed therefore, representing at least one-half in value thereof, petition the Council against the said proposed local improvement within two weeks after the publication of this notice, the local improvement may be undertaken, and the cost thereof assessed by the system of assessment referred to in this notice.

Dated at the Town of Raymond, this 28th day of November, A. D. 1945.

W. L. JONES,  
Secretary-Treasurer,  
Town of Raymond.

A real friend is one who knows the worst about you yet expects the best.

Even when a small hamo goes to pieces, the nation it belongs to feels the bump.

### HOME MADE PEACE

On a single day in New York 609 C.B. filed action for divorce. They did not seem to realize that the nation for which they fought in essentially a home-made nation. Nor that, in breaking up their home, they were cutting at the very root of our democratic ideology.

Sound homes—solid democracies—where people voluntarily agree to live and work together—their democratic units in democracy. Democracy is a home—let home be a "little dictatorship," a man's castle, country, club or cave, a legalized harems or a background for self-willed parents and children—let wedlock, for any reason, drift into deadlock easily soluble through easy divorce—and we lose not only the idea behind democracy but any possibility that democracy can work.

In Europe there are millions of displaced persons and homeless children, without training or direction. There are suffering and hatred, bereavement and fear stalking across all the "liberated" countries. Instructions in democracy will prove fool less here if we simply restore their devastated homes. We must reim-

spire and restore the idea of a sound home.

In Canada too, homes continue to break up—the homes of stay-at-homes as well as those of the returned soldier. When the marriage comes untied it is the children who are left at loose ends. A nation of children on the loose has no answer for the nation of homeless children. It is imperative that we should heighten our idea of the "best families." We must be different at home if we are to make any significant contribution to the family of nations.

The first Christmas made home out of a barn. The spirit of Christmas can restore our homes today—even homes that have grown like a barn due to coldness and indifference. New homes will mean new peace. They will mean a home-made peace and a home-made peace can last.

Civilization will become a farce unless Christianity becomes a force. "Christmas Seals save lives."

## SCHEDULE ABOVE REFERRED TO PROPOSED SEWERAGE

### ESTIMATE OF COST

- 15" Main outfall Sewer from Disposal Site across Section 16 and along 5th St. N. to 1st St. East, 7 to 15 feet deep \$15,230.00

### NOTICE

IN the Estate of Rosalia Szalas Ress, late of Raymond in the Province of Alberta, (Married Woman) Deceased.

NOTICE IS HEREBY GIVEN that all persons having claims upon the Estate of the above named Rosalia Szalas Ress, who died on or about the 14th day of March, 1945, are required to file with the undersigned Solicitor by January 7, 1946, a full statement, duly verified, of their claims and of any securities held by them, and after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been filed or which have been brought to his knowledge.

Dated this 3rd day of December, 1945.

Warren L. Jones,  
Raymond, Alberta,  
Solicitor for Mike Ress,  
Administrator.

Don't strain your eyes unnecessarily. It is poor economy to save on light at the expense of your eyesight. Use adequate light at all times, and have it correctly placed so that it falls on your work or whatever you are doing.

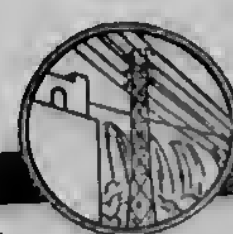

Move lamps and furniture together so that the light is working for you, not you for the light. Also be sure to provide adequate light, correctly placed for children to study by. Don't let them strain their eyes using a light that is either too harsh or too dim.

Be sure to clean lamps and reflectors regularly. You will get from 25% to 50% more light. A damp cloth will clean bulbs (be sure they are dry before switching the light on) and soap and water is best for dusty bowls and reflectors. Discard those dark lampshades and replace them with light colored ones which reflect the light.

### VITAMIN A FOR POULTRY

On the first sign of colds or unthriftiness in poultry it is a good practice to step up the vitamins A and D in the diet by the addition of extra fish oil. An easy and efficient way to feed the oil is to put the night feeding of grain in a pail, pour over it one cupful of fish oil per hundred chickens, stirring the grain thoroughly, and feed the oil weather both grain and fish oil coated grain in troughs. In cold should be warmed before mixing. This procedure should be followed once each month throughout the winter.

Mission Pres. J. Y. Card and wife, as Cardston visitors this week. They reported that Elder Elmer Spackman was already busy in the Saskatoon district.
